

Confirmed Cybis Retailers During the 1960s

This list is based on the Cybis studio's internal list of the retailers who received the following limited-edition sculptures during the 1960s: Exodus, Skylarks, Holy Child of Prague, Bull 'God of the Thunderbolt', Turtle Doves 'Doves of Peace', Golden Clarion Lily, Flight into Egypt, Horse, and the Blue-Gray Gnatcatchers. Most of the lists give the sculpture number and the actual shipment date.

However, some pages listed only the retailer name, not their location; and quite a few lines were penciled in and too faded to read the retailer information. Still, I would say that the retailers below represent about 70% of the individual retailer names on the lists.

Obviously these were not the only limited editions that were introduced during the 1960s, but these lists provide a good overview of the retail network that was established. Also, the list does not include any of the many open (non-limited) Cybis editions available during the 1960s.
